Linear Weigh Filler

Filling by weight

Do you want to fill a bag in a box based on weight? Our Linear Weigh Filler makes packaging your product by weight an easy task. Accurate and with high capacity, this module fits seamlessly into any packaging line. Filling up to 12-15 cartons per minute, and with the optional big bag filling feature, the Linear Weigh Filler can handle larger volumes as well. This machine is built to last and ensures durability even in the most demanding environments.

Looking for filling by count? Check out the SpeedBatcher.
